Art meets state of the art

Beauty goes well beyond skin deep with the HT-7120. This remarkable chair contains the most advanced Human Touch technology in a sleek, colorful design that fits any room.

FOOT AND CALF MASSAGE WITH ADJUSTABLE WIDTH CONTROL

Two 15-minute programs offer gentle or vigorous foot and calf massage that simulates the squeeze-and-release techniques of expert massage therapists. Also features adjustable-width control for a customized fit.

MESSAGE COMFORT CONTROL

Use the Massage Comfort Control on the remote to customize the massage intensity. You can also use the Massage Comfort Control (in non-massage mode) to create a seating experience of unsurpassed comfort and relaxation.

DUAL-LUMBAR BACK HEAT

Two lumbar heat modules gently warm the lower back muscles, gradually reducing tightness and soreness. Heat calms and soothes back muscles, preparing them for a more restorative massage and faster healing.

FULL-BODY-STRETCH MODE

As the foot and calf massage gently holds your legs, the HT-7120 slowly reclines, thereby stretching the spine to increase blood flow to the vertebrae and disks, effectively rejuvenating the lower back.
